

# GOOLISH SEGMENT IDEAS FOR HALLOWEEN

## *Vampirism -- A Tale of Chemistry*

Today's genetic research woven into a suspenseful story about a supercharged hero and his 300 year-old romance.

## *Flesh and Blood – Regeneration and Romance*

A 300 year-old wine merchant battles enemies and chases his one true love through time, all the while growing stronger and smarter by the day -- thanks to a very real blood disorder.

J.E. Mayer's newest novel integrates the latest scientific discoveries on blood chemistry and cellular regeneration, weaving a story that makes the possibility of vampirism a reality.

*Immortal: The First Tango* is a romantic suspense set in present day as Octavius Kalman tells his story as a reluctant pawn in many historical events, while in conflict with a mortal enemy. Coping with a very real Porphyria disorder, responsible for the vampire legends, Kalman suffers the loss of his one true love.
